

- **Name:** Dr. Manoj Tripathi
- **Designation:** Assistant Professor (Anaesthesia)
- **Phone:** 8176007049
- **Email:** georgian.manojt@gmail.com
- **Educational Qualification:**

S.No.	Degree awarded	Institution	Year
1-	MBBS	K.G.M.U., Lucknow	2006
2-	MD (Anaesthesiology)	M.L.N. Medical College, Allahabad	2011
3-	PDCC (Neuroanesthesia)	S.G.P.G.I. Lucknow	2013

- **Achievements & Awards-**

1-Got honours in Pharmacology, Microbiology and Paediatrics

2-Got first prize in poster presentation at CME Anesthesia 2014, Dr.RMLIMS Lucknow

- **Publications**

- 1- The Effect of epidural volume extension on spinal block with plain Bupivacaine for caesarean delivery
- 2- Comparison of two different volumes of Epidural Volume Extension on low dose Plain Bupivacaine in Subarachnoid Block for Caesarean Delivery
- 3- Comparative clinical study of gabapentin and pregabalin for postoperative analgesia in laparoscopic cholecystectomy
- 4- Influence of two anesthetic techniques on blood sugar level in head injury patients: A comparative study
- 5- Hemodynamic and recovery profile with Dexmedetomidine and Fentanyl in intracranial supratentorial surgeries: A comparative study
- 6- Comparative clinical study between Ropivacaine and Ropivacaine with Dexmedetomidine in Epidural Anesthesia for Abdominal Hysterectomy
- 7- Effect of intrathecal hyperbaric bupivacaine with small dose clonidine versus hyperbaric bupivacaine alone in lower abdominal surgeries: A comparative study
- 8- Thoracoplasty under thoracic epidural anaesthesia (Case Report)

- **Presentations:** Presented a Paper titled *Influence of two anesthetic techniques on blood sugar level in head injury patients: A comparative study* during ISACON 2015

- **Research Experience:**
